

Requirements of the scapper

Thursday, October 8, 2020 11:55 AM

I am looking for someone to help me download an online database(directory)-The IA Database Directory using python and python libraries only.

IA is a regulator of the insurance industry in Hong Kong.

They regulate

1. Licensed Insurance Intermediaries (Firm)
2. Register of Licensed Insurance Intermediaries (Individual)

in Hong Kong.

Objective:

The idea is to download the database into .csv or .xml data that can be manipulated by Microsoft access or imported into other databases. I need the data of both these in order to promote my services to them.

Programming language used:

1. Python-3

Libraries:

1. Lxml
2. Json
3. Selenium
4. Beautiful Soup

Output:

1. Must Have CSV
2. Optional JSON or XML Output

Where is the data? (Company)

Thursday, October 8, 2020 11:59 AM

You can search for the companies and individuals here

<https://iir.ia.org.hk/#/index>

[Print](#) / [Home](#) / [繁](#) / [简](#) A A .

Register of Licensed Insurance Intermediaries

This register is established and maintained in accordance with section 640 of the Insurance Ordinance (Cap. 41) to provide information about all insurance intermediaries who are licensed in the Hong Kong Special Administrative Region on or after 23 September 2019 (i.e. the commencement of the new regulatory regime for insurance intermediaries).

Pursuant to the Insurance Ordinance (Cap.41), this register is maintained by the Insurance Authority ("IA") to enable a person to ascertain whether the person is dealing with a licensed insurance intermediary or a responsible officer in matters of or connected with any regulated activity; or to ascertain the particulars of the licensing of a person as a licensed insurance intermediary or the particulars of the approval of an individual as a responsible officer.

Any person making use of this register is prohibited from using the information contained therein for any purpose other than the purposes mentioned above. Any use of the personal data on this register for purposes other than the above-mentioned purposes requires the prior consent given voluntarily by the individuals who are the subjects of the data pursuant to the provisions of the Personal Data (Privacy) Ordinance (Cap.486).

Although the register is updated every working day, it may not contain the most up-to-date information of all licensed insurance intermediaries as there is a time lag in processing and updating the information of the insurance intermediaries on the register. In certain circumstances, such as system failure or other unexpected situations which are beyond the control of the IA, the time lag may be longer.

By publishing the register, the IA does not guarantee the performance or creditworthiness of any registered insurance intermediaries.

Remark

Saturday, February 29, 2020 5:46 PM

Remark

1. This person was validly registered with a self-regulatory organization (namely the Insurance Agents Registration Board, The Hong Kong Confederation of Insurance Brokers or Professional Insurance Brokers Association) immediately before the commencement of the new regulatory regime for insurance intermediaries (i.e. 23 September 2019). Hence, under the Insurance Ordinance, this person is deemed to be a licensed insurance intermediary for a period of 3 years from the commencement of the new regime unless the licence is revoked in accordance with the Insurance Ordinance.
